MUANG LA *Resort*

A high-end lodge
set in an enchanting location
surrounded by unspoiled countryside

The mists of the Laotian forest clear to reveal a magical setting

In the north of Laos, on the edge of a small village where local people follow a traditional lifestyle, Muang La Resort has been built to respect its environment. Swathed in greenery, the resort is surrounded by forests, rice fields and hot-water springs that are thousands of years old; offering you complete immersion in this natural paradise. On the sides of the valley, an old and famous Buddhist temple brings an air of spirituality to this place of complete relaxation...

In the heart of a colourful garden where butterflies and birds come to rest, Muang La Resort has 6 villas and a total area of 8000m2. The mix of traditional architecture and furniture designed and built by local craftsmen from Oudom Xay creates a truly magnificent setting. Each room has pieces of Lao art and is named after one of the local ethnic groups... Hmong, Akha, Khamu whose culture is spread throughout the resort.

Each room has an en-suite, modern and beautifully decorated bathroom

with shower and toilet. A small wooden balcony gives you the chance to relax and take in the sights and sounds of this spectacular setting.

Our restaurant, built over-looking the river offers a different menu each day. We offer a wide selection of dishes for lunch and your evening meal gives you a choice of 3 entrées and 3 Lao dishes allowing you to savour the tastes and culinary delights of Laos.

Taken from ancestral traditions, Lao recipes resemble no other. Local dishes prepared to the highest standards open the doors of a whole culinary experience and will leave your palate with a soft, scented memory.

If you prefer to lunch in greater seclusion, we can offer your meal in the intimate heart of an exotic local garden. Access to this hidden paradise, is by buffalo-drawn dugout canoe (a unique experience in itself). Alternatively, for the "real" Lao experience, we can offer a meal with some of the local inhabitants in their home.

Many activities will be offered on your arrival at the lodge to allow you a real initiation into Lao culture (visits to Khamu villages on foot or by cycle, trips to meet the varied people of the region, discover the manufacture of Lao alcohol, treks through the rice-fields or cruising along the Nam Ou river).

However, if you prefer, Muang La Resort is a fantastic place to simply relax, rest and re-charge your batteries. We can help - our traditional Lao candle-lit sauna works by mixing steam with natural grasses and herbs. A truly relaxing experience.

Within our gardens, in a small & secluded room which is open on one side we offer traditional Lao massage. Our two professional masseuses, trained at one of the best schools in Vientiane will ensure your complete relaxation using age-old techniques of oil-based massage.

Another unforgettable experience is our natural hot spa. In our gardens and built at over 4m high to give you an outstanding view across the river; the spa is filled each day using the natural hot water spring next to the resort. The water is around 45° and the spa is ready at 18.30 each day. Imagine above all,

the experience of relaxing in naturally heated water, surrounded by forests and hills as you watch a beautiful sunset.

Muang La Resort is a delicious taste of Laos. There is nothing to do but smile and be enchanted by the kindness, warmth and serenity of the resort...
